

# Common charging scheme for air navigation services

Study on the possible consequences of the introduction of the new regulation on a common charging scheme  
(implementing rule)

# The Study

- Quantitative assessment on the effects of the introduction of Terminal Charges
- Qualitative assessment on the opportunities and risks and added value of the new Rule
- Not a formal *impact assessment* as the rule is already drafted and is based on the constraints laid down in the service provision Regulation n° 550/2004

# The process

# Planning

- Consultation period : 05/07/2006 to 01/08/2006 inclusive, on the web site [www.chargingscheme.eu](http://www.chargingscheme.eu)
- Workshop on 04/09/2006
- Single Sky Committee of September 2006
