

All-Causes Delays for Air Transport in Europe

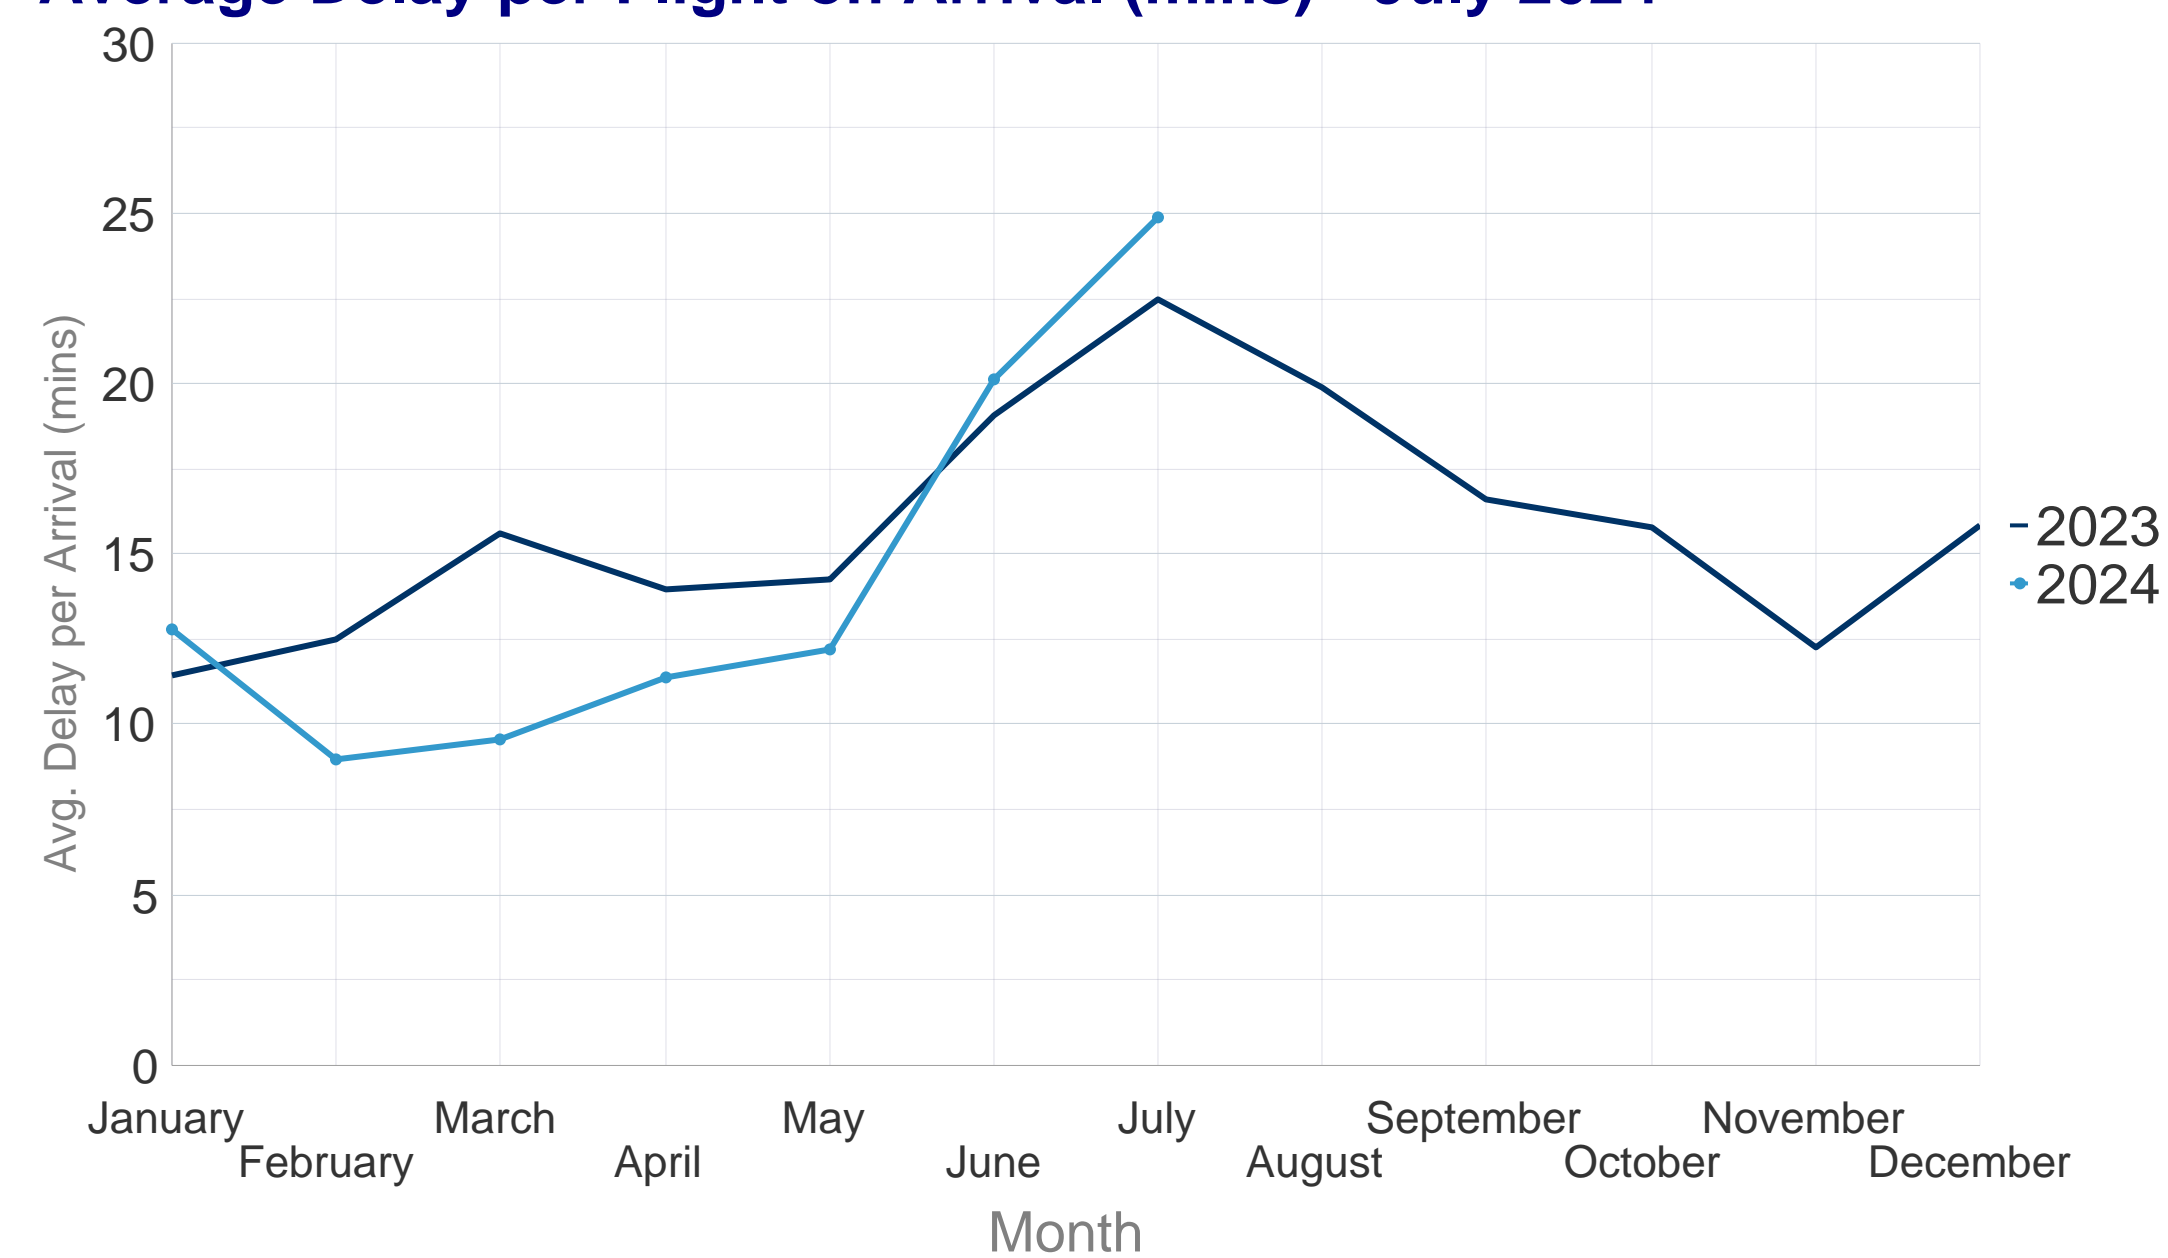

July 2024

In July 2024, there was a 4.1% increase in ECAC traffic compared to the same month the previous year. Ryanair remained the most active carrier, followed by easyJet, Turkish Airlines. In July 2024, the top three busiest airports were Istanbul, Amsterdam Schiphol and Paris Charles de Gaulle. All the top 20 airports saw an increase in traffic compared to July 2023. The main reasons for delays were airport weather conditions and en-route ATC capacity constraints. Antalya faced ATFM aerodrome capacity delays, Athens experienced almost daily ATFM arrival delays due to ATC capacity, Zurich was affected by capacity reductions at Skyguide due to the transition to a new ATM system. Gatwick's traffic was impacted by weather (thunderstorms and low visibility) and aerodrome capacity delays throughout the month.

Average Delay per Flight on Departure (mins) - July 2024

Average Delay per Flight on Arrival (mins) - July 2024

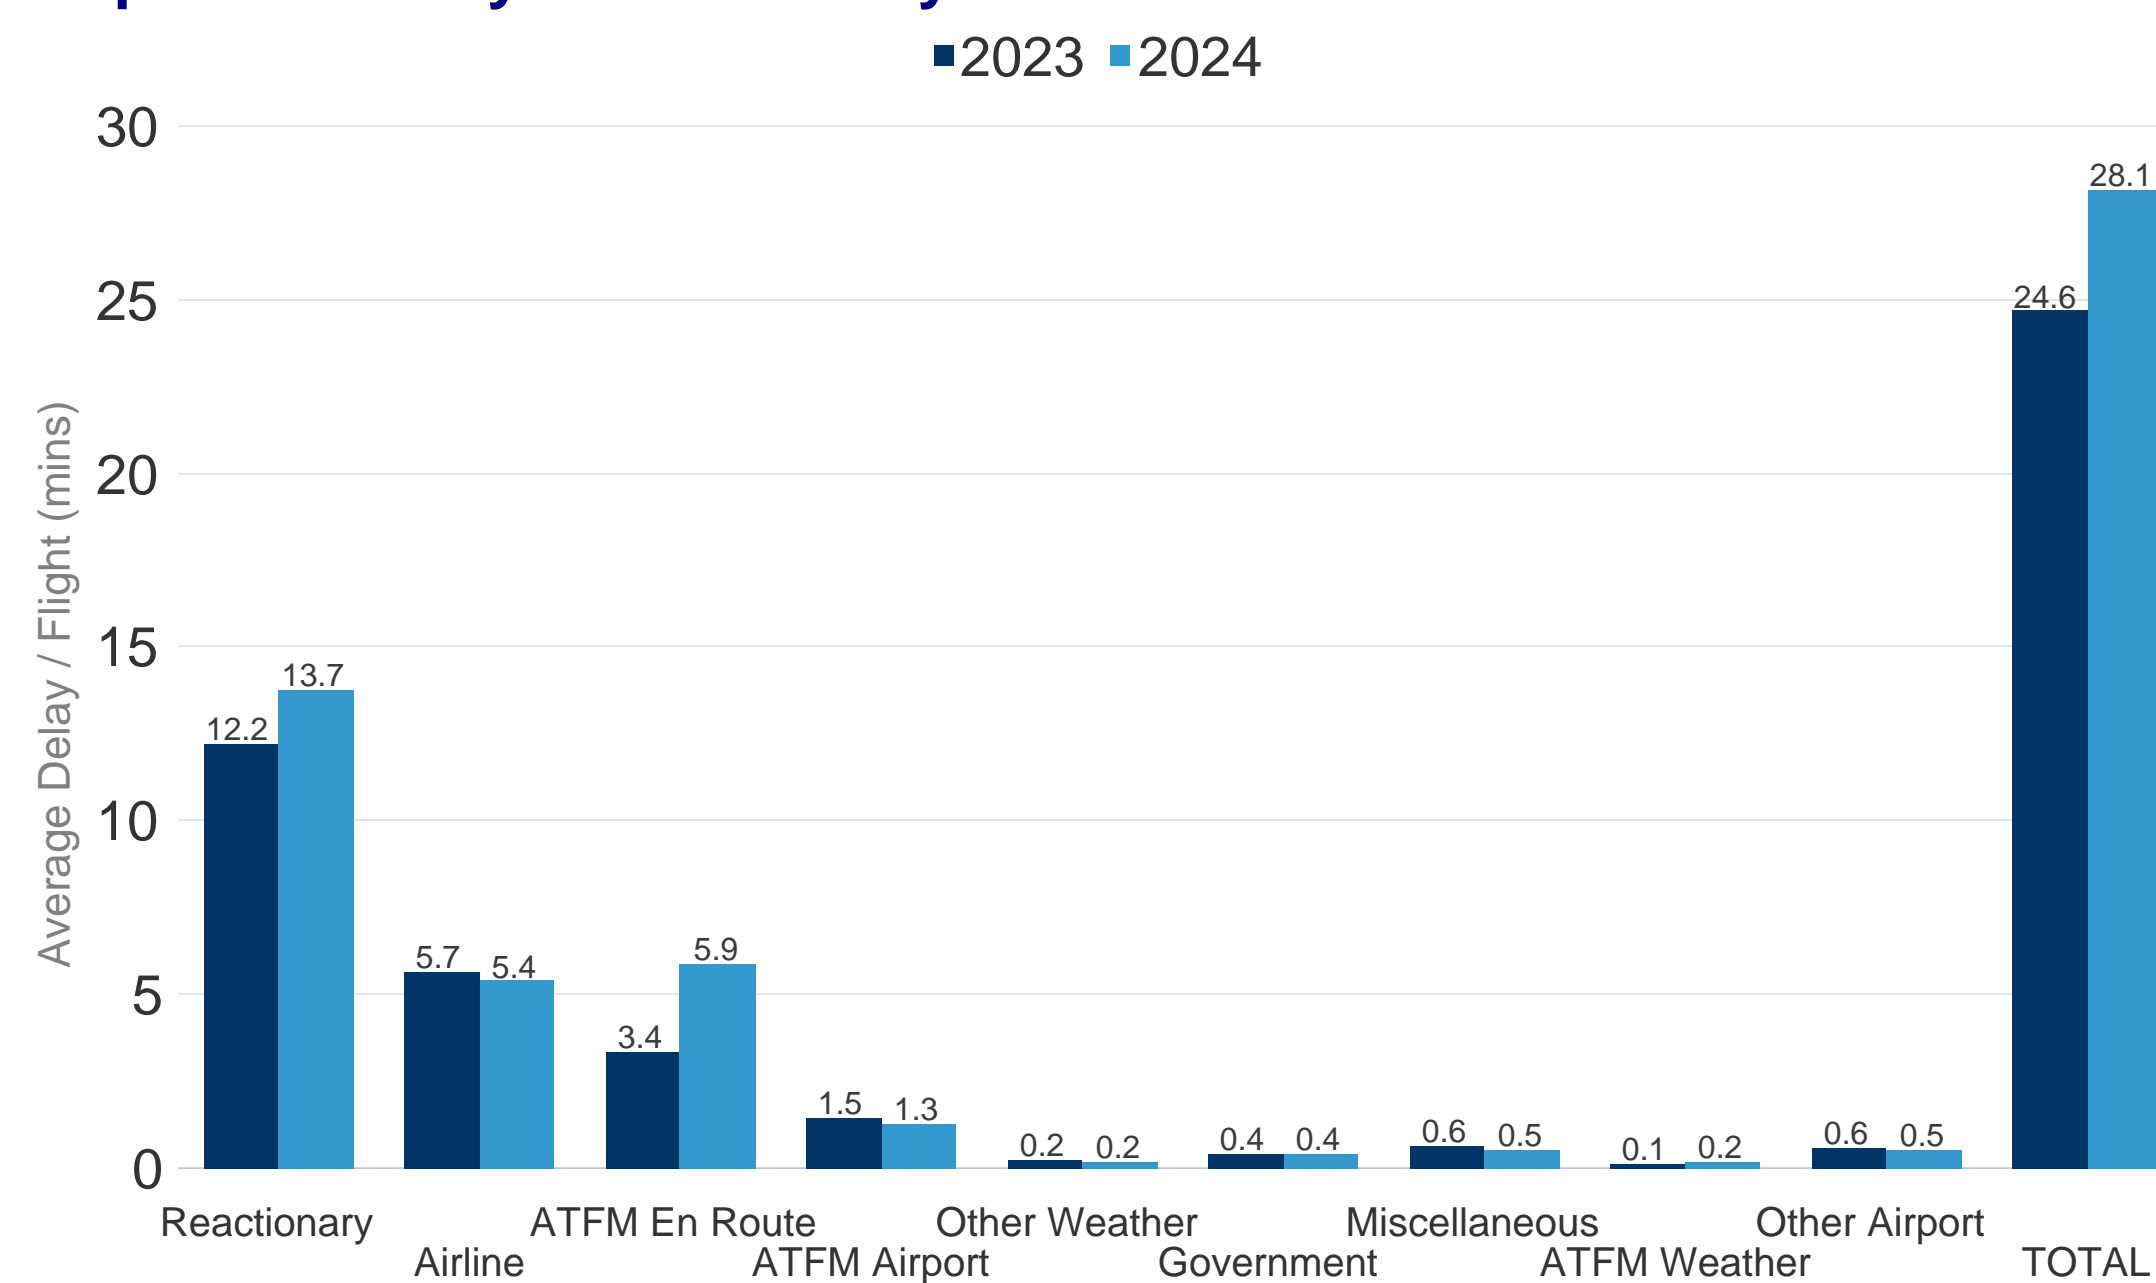

In July 2024 the average delay per flight on departure was 28.1 minutes per flight. This was an **increase** of 3.4 minutes per flight when compared to July 2023 where the average delay per flight was 24.6 minutes.

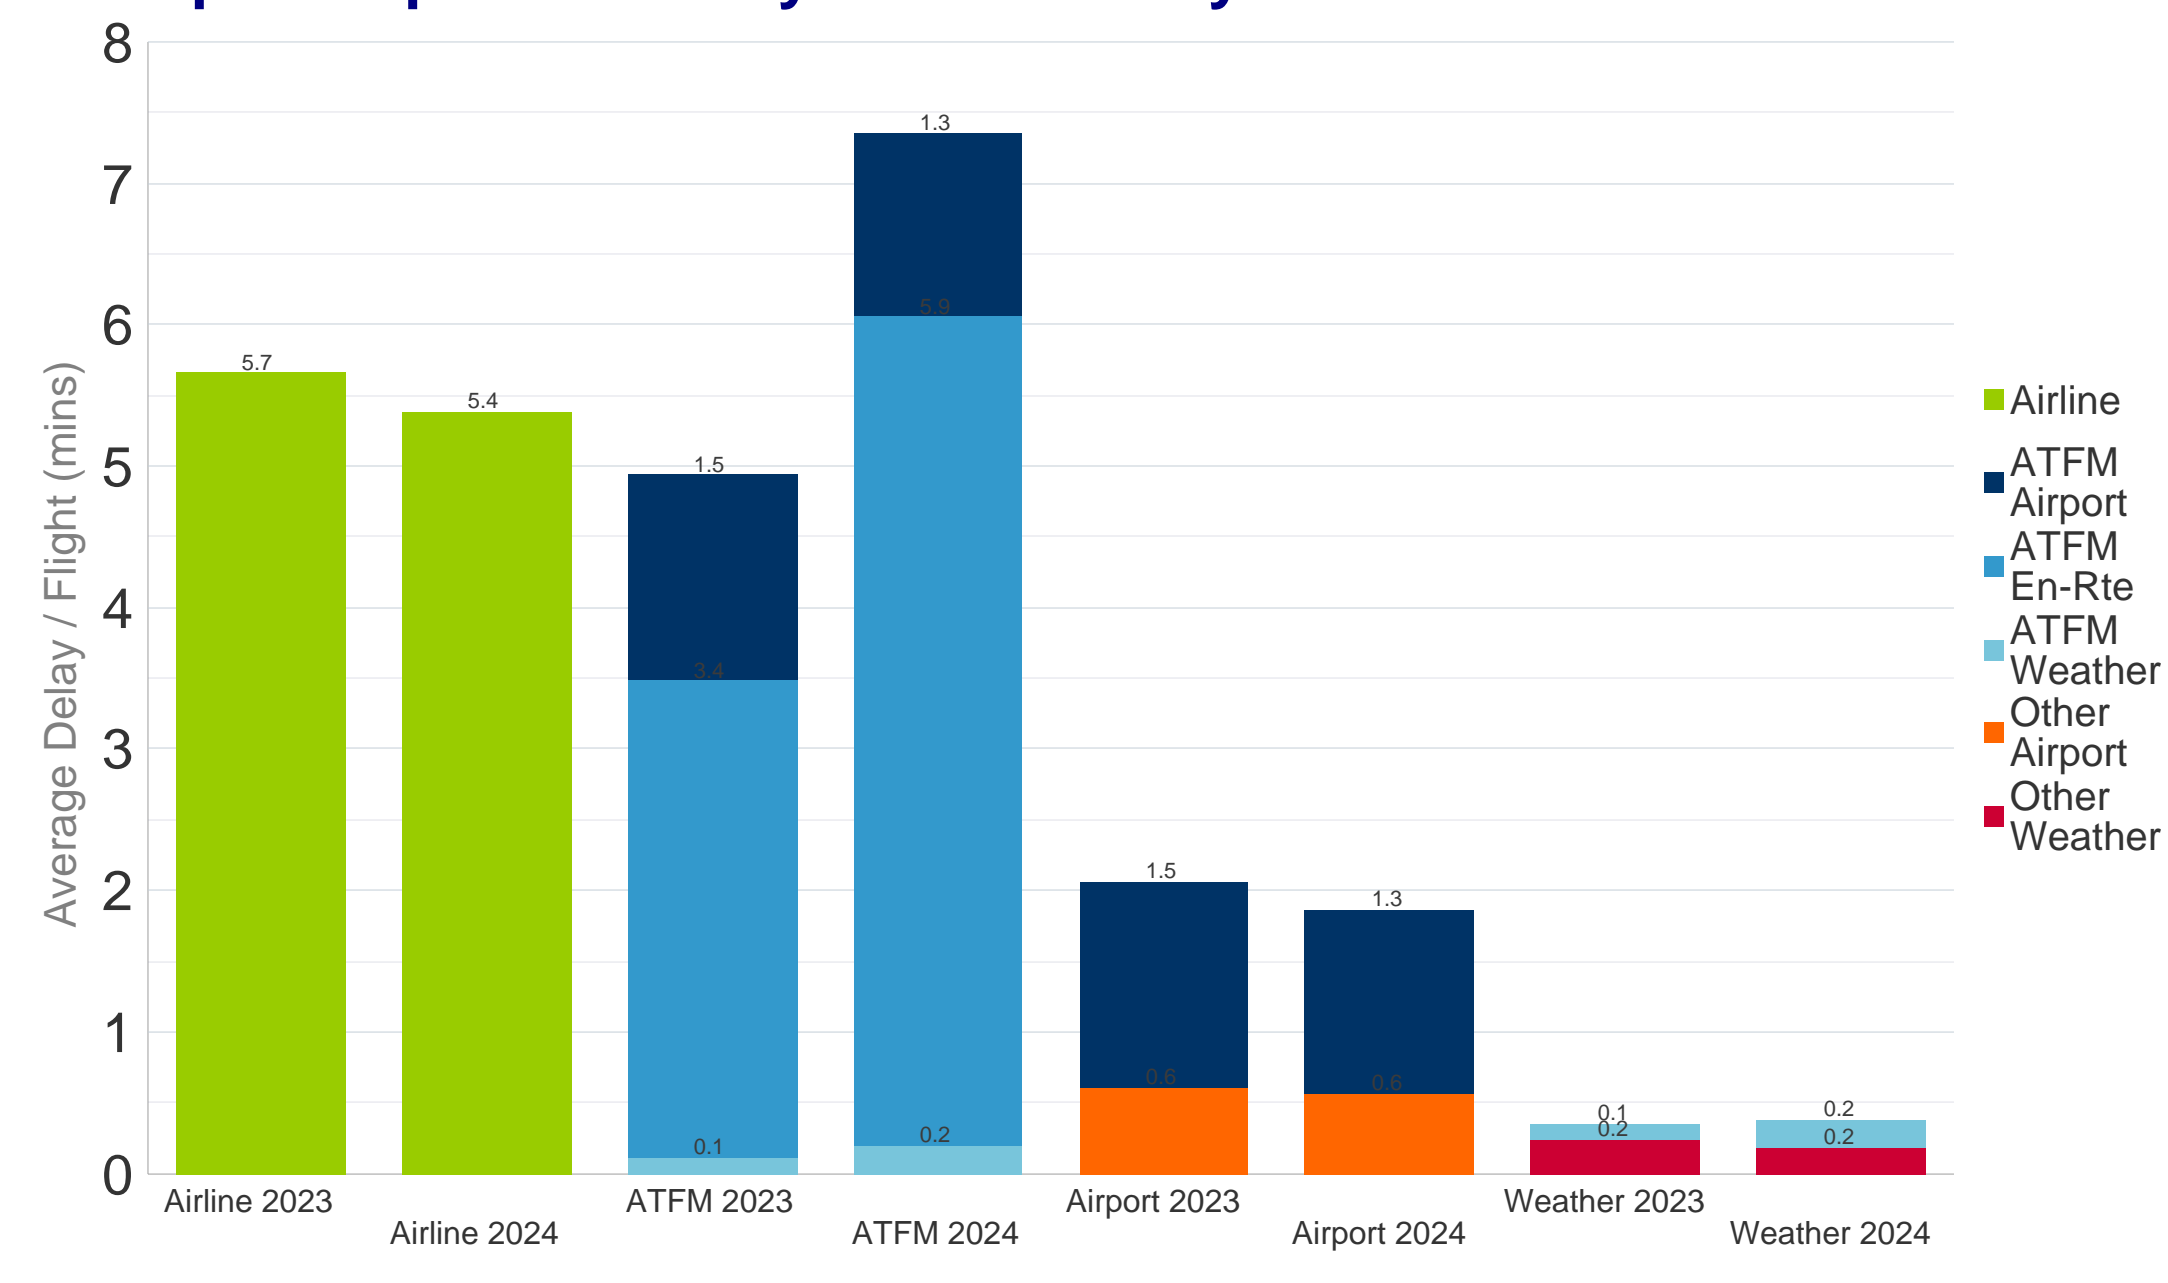

In July 2024 the average delay per flight on arrival was 24.9 minutes per flight. This was an **increase** of 2.4 minutes per flight when compared to July 2023 where the average delay per flight was 22.5 minutes.

Further analysis of the delay causes shows that reactionary delay contributed 13.7 minutes to the average delay per flight in July 2024.

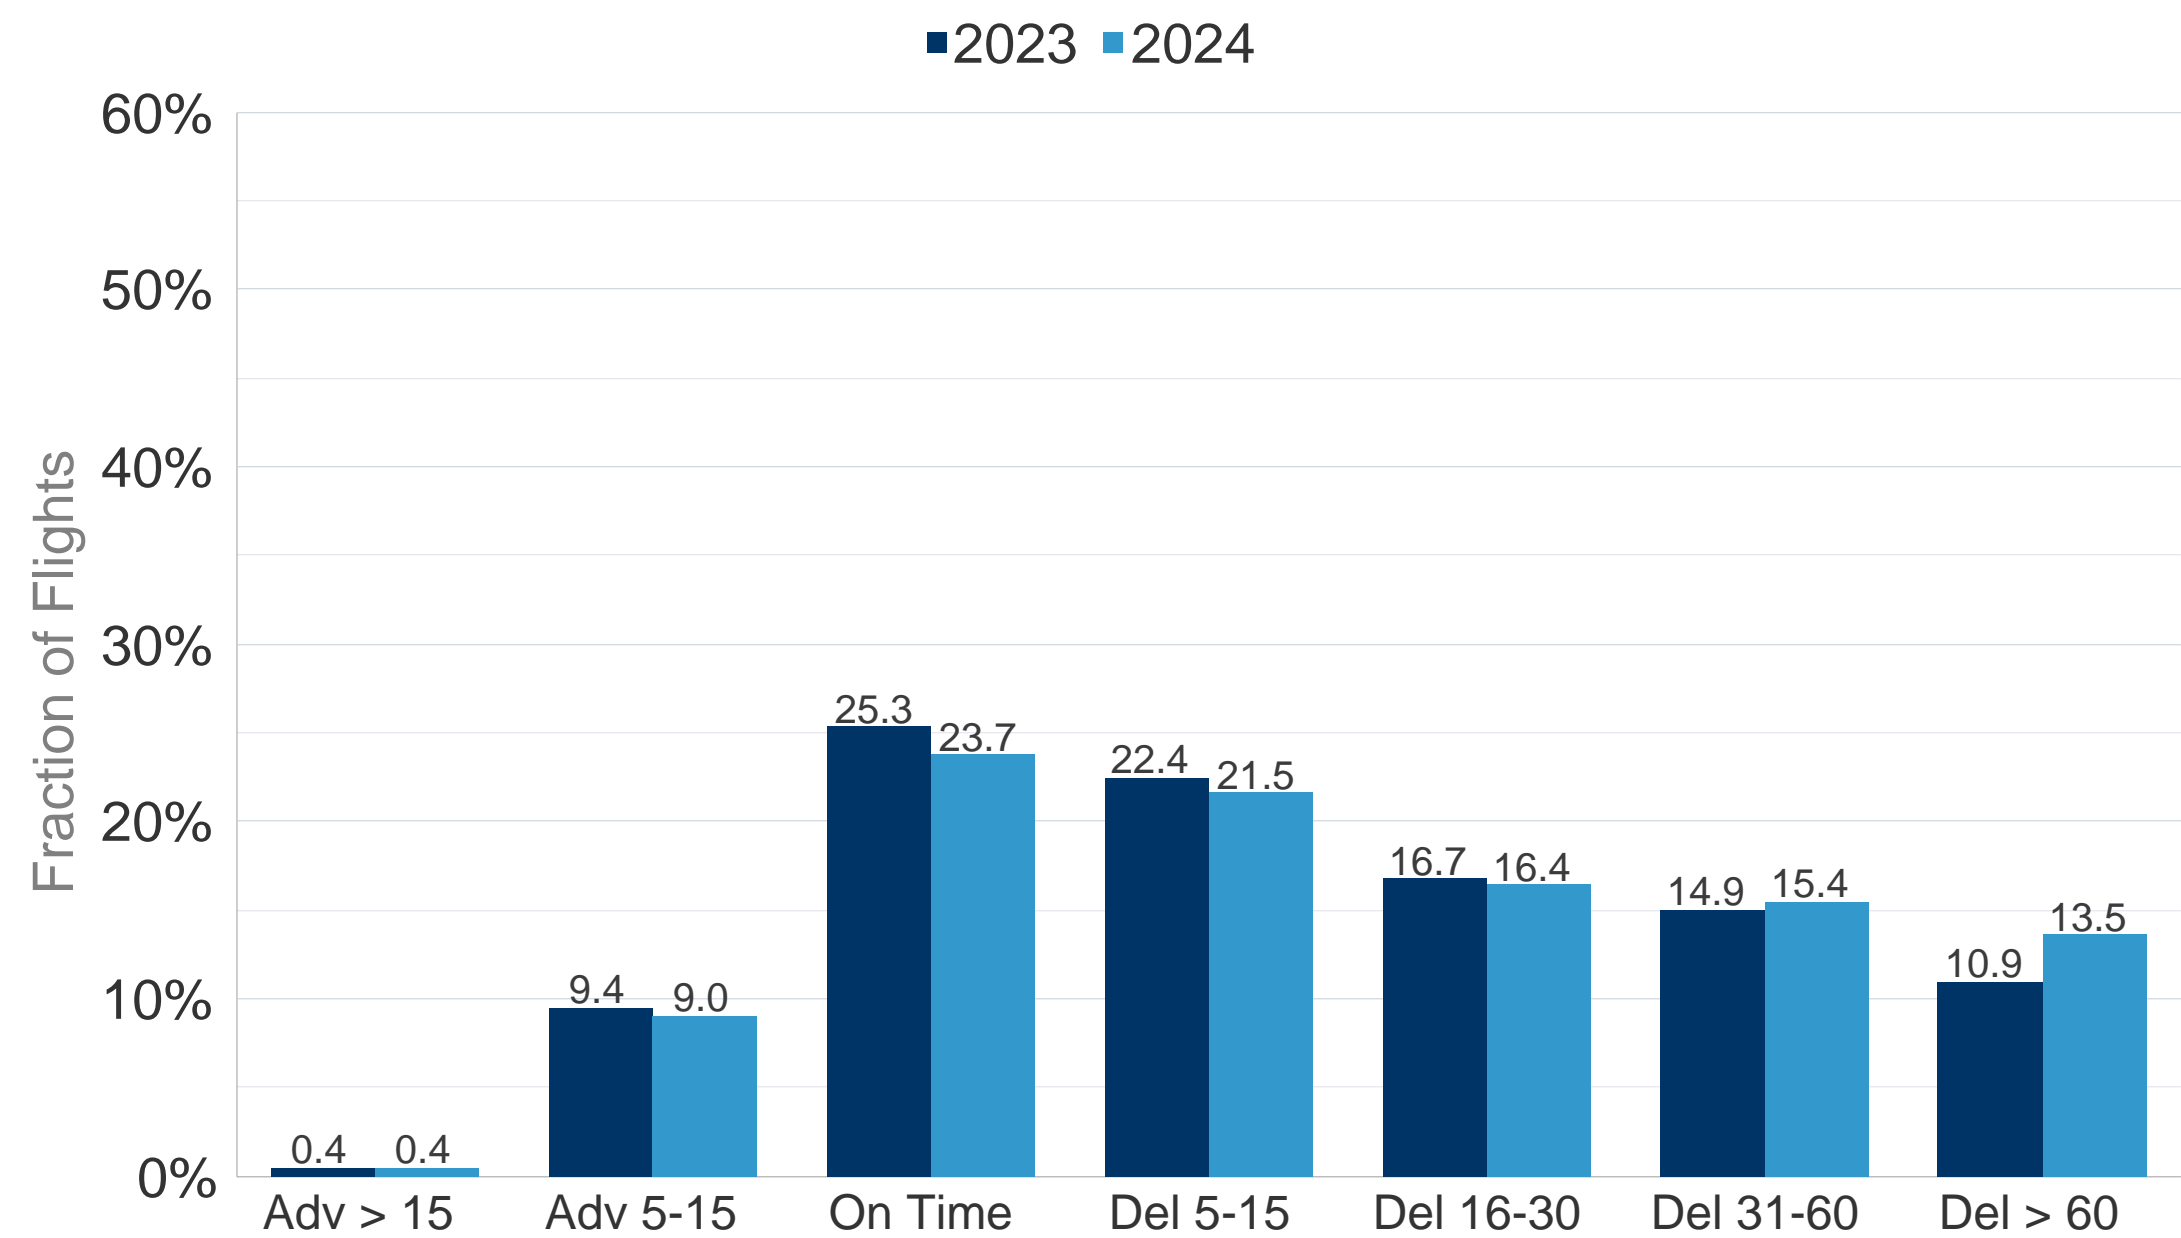

Departure Delay Causes - July 2024

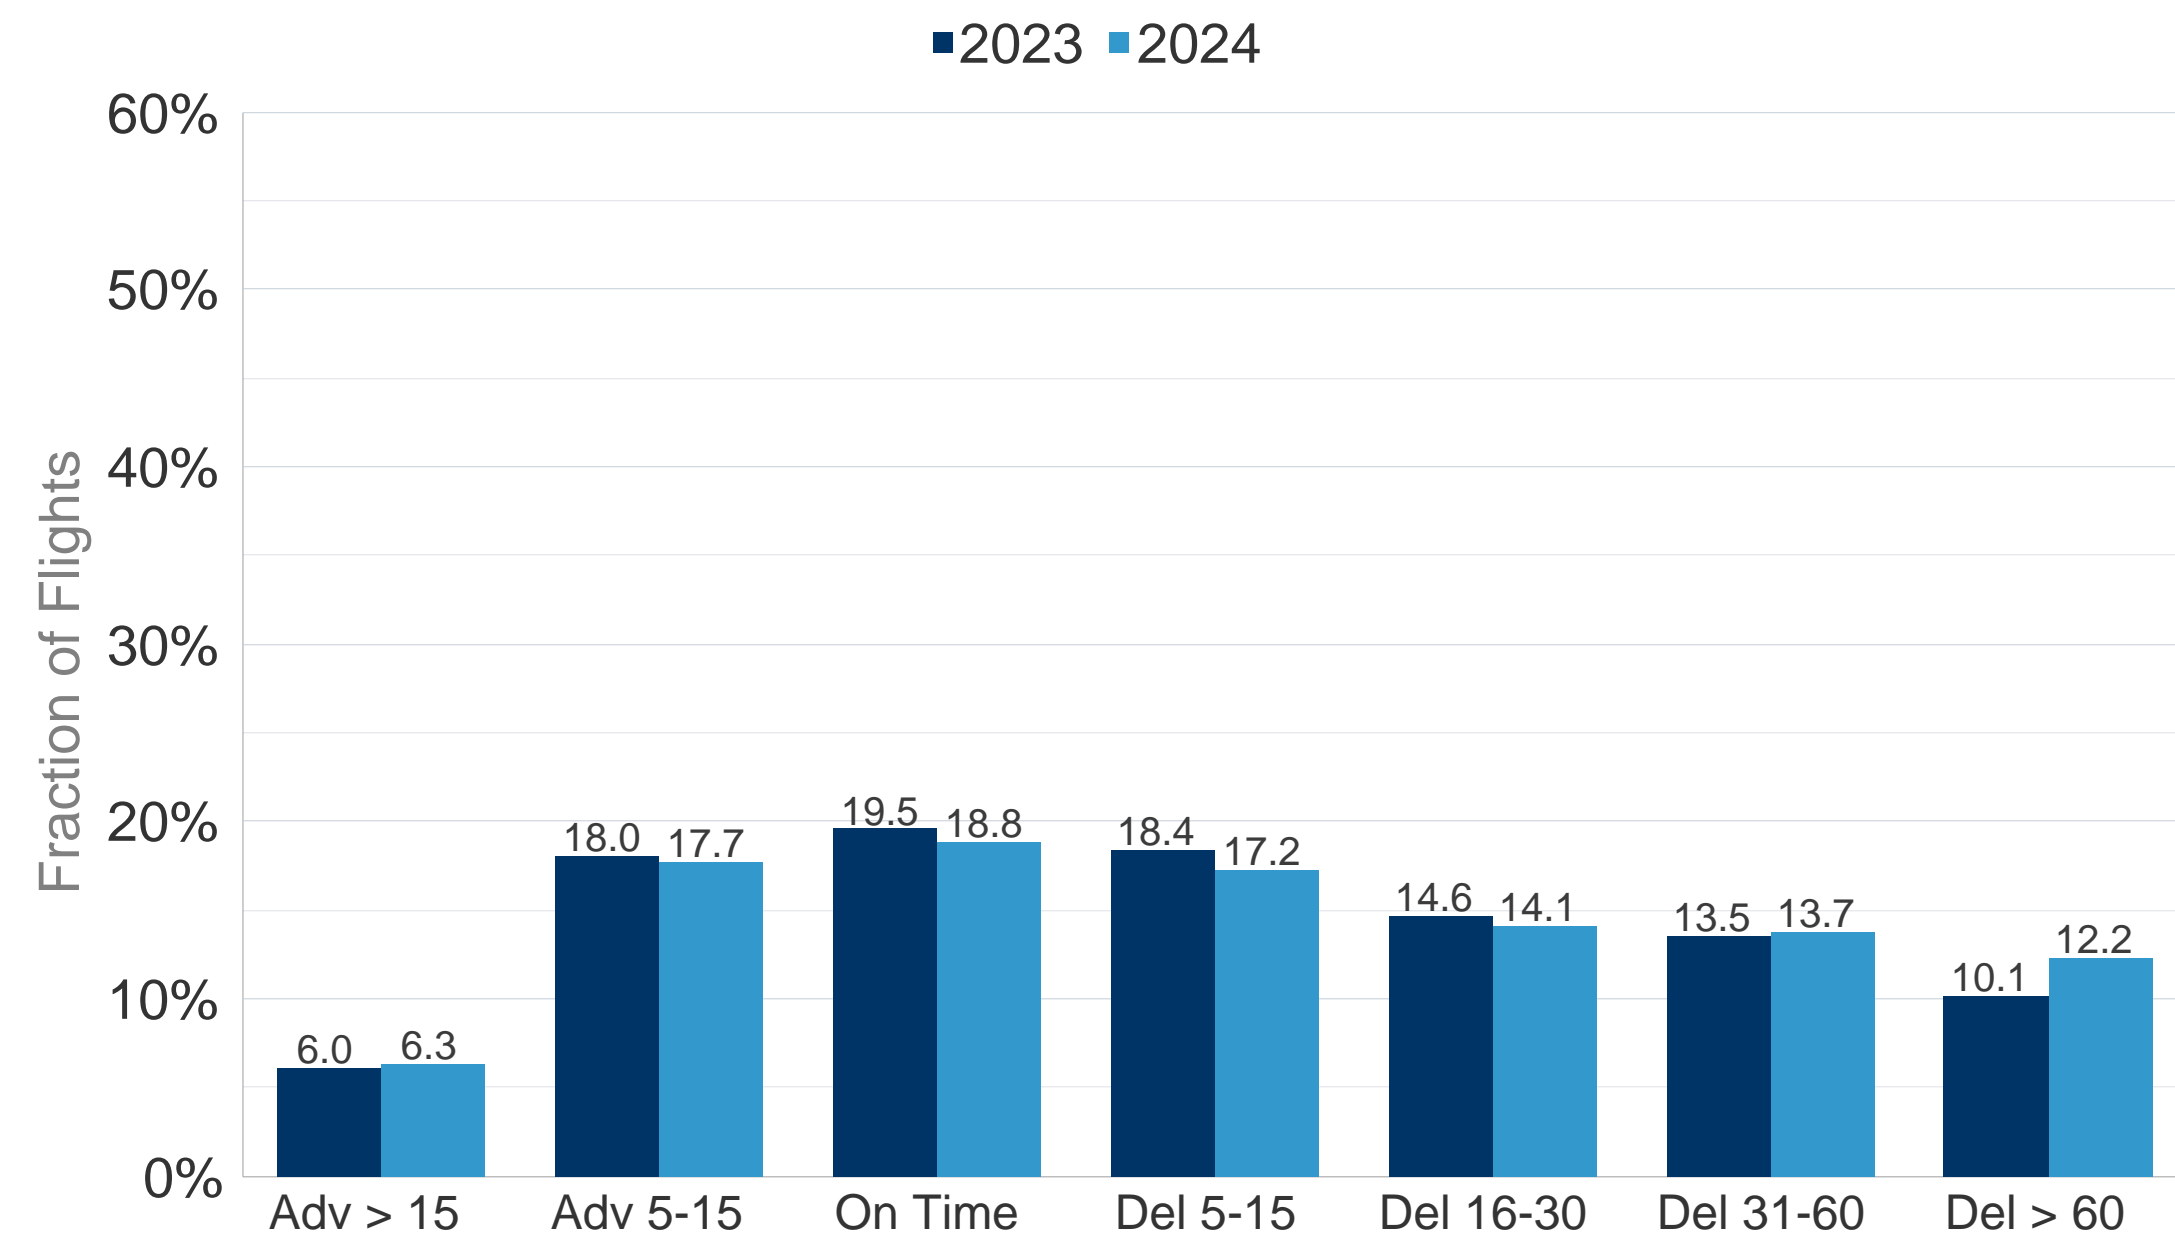

Grouped Departure Delay Causes - July 2024

All Causes Departure Punctuality - July 2024

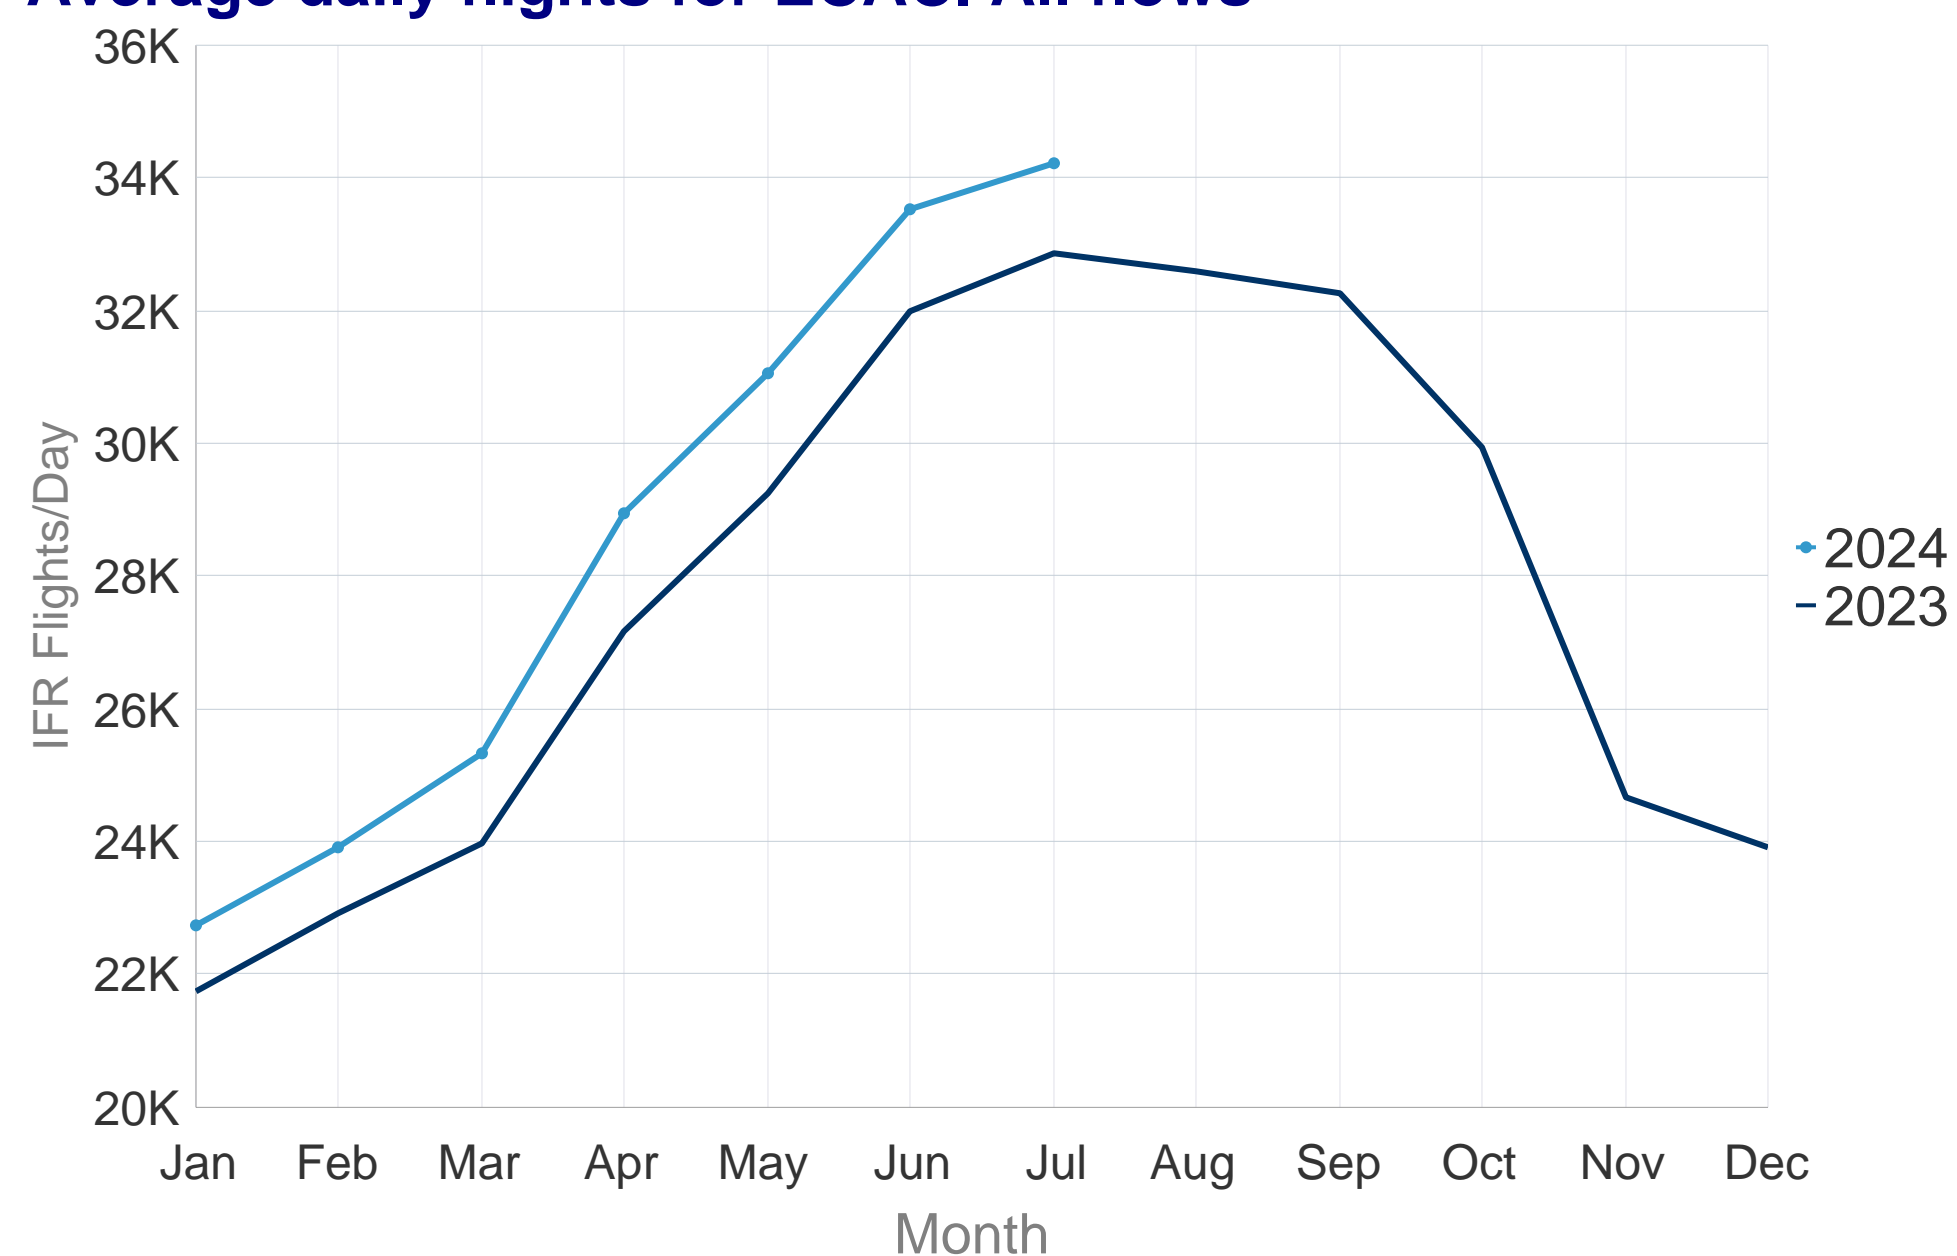

All Causes Arrival Punctuality - July 2024

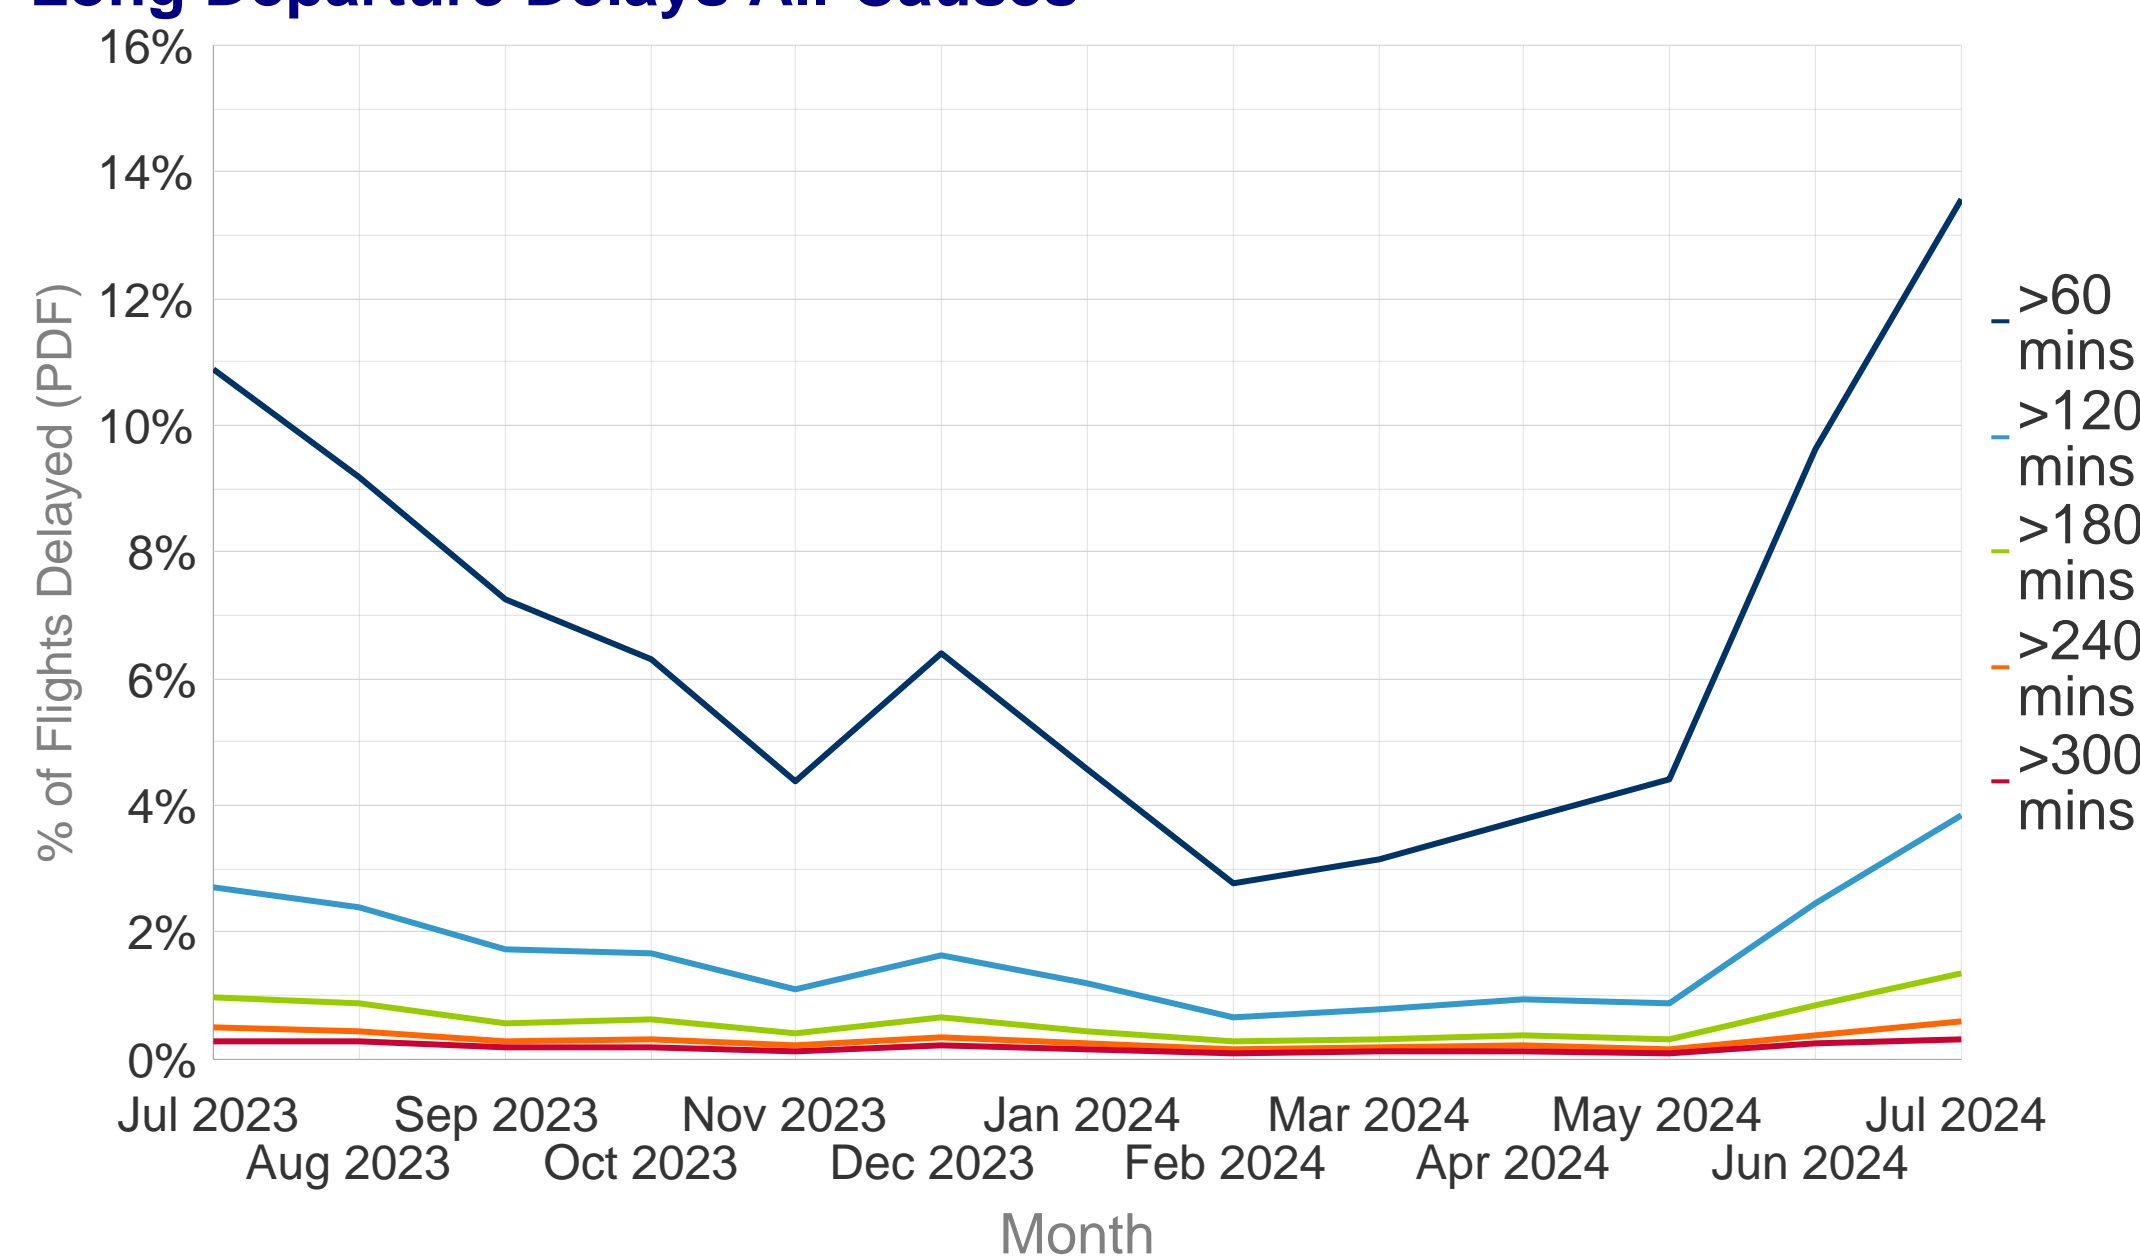

In July 2024, 23.7% of the flights departed within the 5 minutes threshold before or after the scheduled departure time (STD); a **decrease** of 1.6 points from 25.3% compared to previous year. Flights delayed >30 minutes from all-causes **increased** from 25.8% to 29.0%.

In July 2024, 18.8% of the flights arrived within the 5 minutes threshold before or after the scheduled arrival time (STA); a **decrease** of 0.7 points from 19.5% compared to previous year. Flights delayed >30 minutes from all-causes **increased** from 23.6% to 25.9%.
