MANAGER

WORKING PERIOD FOR THE STATES IN THE DB

States have **3 months** to

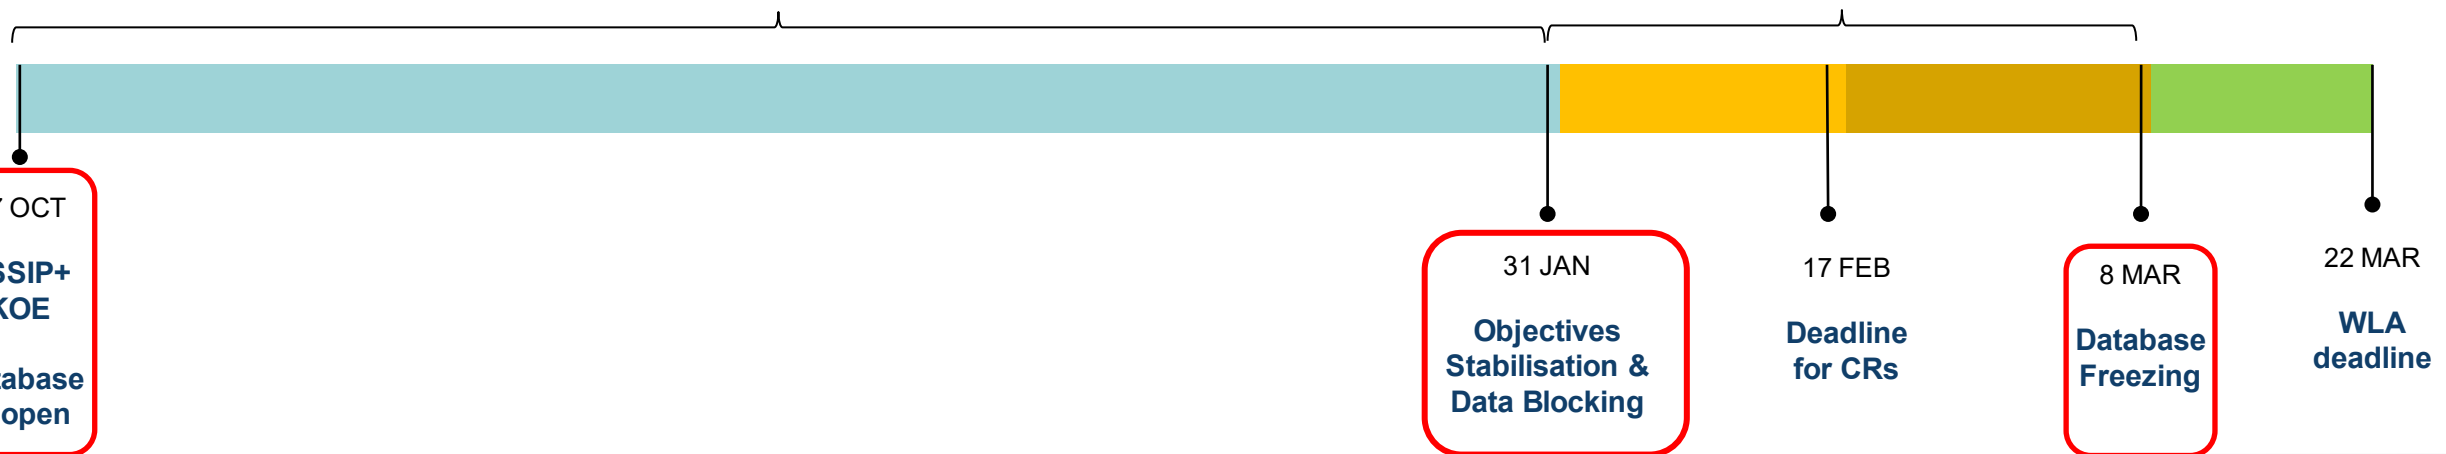

- **fill in the LSSIP+ Database** and
- **stabilise** the information provided before **31st of January**.

Stabilisation of an objective and/or questionnaire should only occur when the FP is sure there will not be further changes, and no warnings exist.

DATA CROSS CHECK PERIOD

As from 1st February :

- **FPs are prevented from modifying the DB.** Only **CP** can modify if required.
- CP will provide comments via **Change Request** until latest **17th February CoB**.
- States will have until the **8th of March** to review and deal with the proposed changes.

Objective Experts, Coordinators, CPs, FPs and national stakeholders will review and validate all extracted data from the DB in order to have quality information and exhaustive / coherent picture of the implementation.

- **All the objectives** (CP1 & non-CP1, EU & non-EU);
- **The 2 CP1 Objectives linked questionnaires** (ATC 15.2/ Fam 1.1.1 & AOM21.3/ Fam 3.2.2);
- the **'SESAR Solutions implemented in a voluntary way' questionnaire**

Change Requests

- CP is the only person to create, close/delete CRs in the Database**
- CR will be clear** in terms of what has to be changed/updated in the LSSIP+ DB.
- CR can be responded to** by the stakeholders **as soon as they are created** - via the CR comment field
- CR should be addressed & closed by the CP as soon as possible** after the update from the national stakeholder.
- Potential new created warnings** due to updates **need to be followed up by the CPs** and addressed by the FP by latest 08/03.
- CP to coordinate with FP at all times during data crosscheck and CR process to ensure **strong awareness among all parties.**

Upon creation of a Change Request:

- CR will be assigned to a person, usually the FP
- Automatic email notification subscription for the creator and all the assigned users
- CR notification by email will redirect (via an hyperlink) to the impacted Objective

All the users who subscribe to the CR (button subscribe) **will also receive the email notification**

When the CR is addressed, it should be replied in the comment box ; then creator will receive an email for it.

The CPs will monitor and coordinate the updates of the CRs with the OCs and SDMCs.

A CR log will be available for download for everyone with the full list and details for tracking purposes: possibility to filter the CRs.
