The unit rate of charge applicable from 1 January 2023 is **DKK 1,254.88**.

**ANNEX
RULES GOVERNING TERMINAL CHARGES
IN DENMARK**

ARTICLE 1

A charge shall be levied for each flight performed under Instrument Flight Rules in accordance with the procedures laid down in application of the Standards and Recommended Practices of the International Civil Aviation Organization by an aircraft departing from Copenhagen aerodrome (EKCH), Roskilde aerodrome (EKRK) or Billund aerodrome (EKBI).

The charge shall constitute remuneration for the costs incurred by Denmark in respect of approach and aerodrome control facilities and services.

VAT shall be added to the amount billed for flights with final destination within Denmark, with the exception of flights to or from Faroe Island Airport (EKVG) which are defined as international flights according to Danish VAT legislation.

ARTICLE 2

EUROCONTROL shall collect charges levied on users of terminal air navigation services, in accordance with the laws and regulations of Denmark.

These charges shall constitute a claim by Naviair.

The person liable to pay the charge shall be the person who was the operator of the aircraft at the time when the flight was performed. Where an ICAO designator is used in the flight identification, the identity of the operator of the flight shall be deemed to be that of the aircraft operating agency to whom the ICAO designator was allocated at the time of the flight. If the identity of the operator is not known, the owner of the aircraft shall be regarded as the operator unless he proves which other person was the operator.

ARTICLE 3

The terminal charge (**R**) shall be calculated in accordance with the following formula:

$$R = t \times N$$

where (**t**) is the unit rate of charge and (**N**) the number of service units corresponding to terminal services used or made available.

The rates shall be established in **Danish Crones (DKK)** with a maximum of two decimal points, and shall be published in Denmark.

The unit rate may vary according to the aircraft weight. There may be a minimum charge.

ARTICLE 4

For a given departing flight, the number of service units in respect of terminal charges, designated **N**, expressed as a figure taken to two decimal places, shall be the quotient obtained by dividing by fifty the Maximum Take-off Weight (MTOW), to the power of 0.70. The Maximum Take-off Weight shall be expressed in metric tons as a figure taken to one decimal place and shall be the one used for calculating the EUROCONTROL route charge for the flight concerned.

For the purpose of calculating the approach and aerodrome control charge, the MTOW shall be expressed as a figure taken to one decimal place.

ARTICLE 5

Flights exempted from payment of Terminal Charges shall be established and published in accordance with the laws and regulations of Denmark.

ARTICLE 6

The charge shall be payable at EUROCONTROL's Headquarters, in accordance with the conditions of payment set out in the Appendix. The currency of account used shall be **the Danish Crone (DKK)**.

ARTICLE 7

These Rules and the unit rates of charge shall be published in Denmark.

APPENDIX
CONDITIONS OF PAYMENT

CLAUSE 1

The amounts billed are payable in Danish Crone (DKK) into EUROCONTROL, Central Route Charges Office's bank account shown on the bill.

The amount of the charge is due on the date of performance of the flight. The latest value date by which payment must be received by EUROCONTROL shall be shown on the bill.

The time granted to users for payment of the terminal charge, i.e. the interval between the bill date and the date for payment shown on the bill, shall be identical to the time granted to users for payment of the EUROCONTROL route charges.

CLAUSE 2

Payment shall be deemed to have been received by EUROCONTROL on the value date on which the amount due was credited into the banking establishment designated by EUROCONTROL, referred to in Clause 1 paragraph 1. The value date shall be the date on which EUROCONTROL can use the funds.

CLAUSE 3

Payments shall be accompanied by a statement giving the references, dates and amounts in respect of bills paid and of any credit notes deducted.

CLAUSE 4

Claims against bills must be submitted to EUROCONTROL in writing or by an electronic medium previously approved by EUROCONTROL. The latest date by which claims must be received by EUROCONTROL shall be shown on the bill and shall be the same as for the EUROCONTROL route charges.

The date of submission of claims shall be the date on which the claims are received by EUROCONTROL.

Claims must be detailed and should be accompanied by any relevant supporting evidence.

Submission of a claim by a user shall not entitle him to make any deduction from the relevant bill unless so authorised by EUROCONTROL.

Where EUROCONTROL and a user are mutually debtor and creditor no compensation payments shall be effected without EUROCONTROL's prior agreement.

CLAUSE 5

Any charge which has not been paid by the due date of the bill may be increased by the addition thereto of interest. The interest, entitled Interest on Late Payment, shall be simple interest calculated from day to day on the unpaid overdue amount.

The interest will be calculated and billed in **Danish Cronos (DKK)**. The interest rate shall be published by Naviair.

CLAUSE 6

Where a debtor has not paid the amount due, measures may be taken to enforce recovery.
