**ANNEX  
RULES GOVERNING TERMINAL CHARGES  
IN MOLDOVA**

**ARTICLE 1**

A terminal charge shall be levied for each flight departing from Chisinau (LUKK) and Marculesti (LUBM) airports.

The charge shall constitute remuneration for the costs incurred by Moldova in respect of terminal air navigation services.

**ARTICLE 2**

EUROCONTROL shall collect charges levied on users of terminal air navigation services, in accordance with the laws and regulations of Moldova.

These charges shall constitute a claim by MOLDATSA.

The person liable to pay the charge shall be the person who was the operator of the aircraft at the time when the flight was performed. Where an ICAO designator is used in the flight identification, the identity of the operator of the flight shall be deemed to be that of the aircraft operating agency to whom the ICAO designator was allocated at the time of the flight. If the identity of the operator is not known, the owner of the aircraft shall be regarded as the operator unless he proves which other person was the operator.

**ARTICLE 3**

The terminal charge **R** shall be calculated in accordance with the following formula:

The unit rate of charge (**t**) shall be established in **euro (EUR)** with a maximum of two decimal points.

The unit rate of charge **t** shall be published in Moldova.

**ARTICLE 4**

For a given departing flight, the number of service units in respect of terminal charges, designated (**N**), shall be equal to the maximum take-off weight (MTOW). The maximum take-off weight shall be expressed in metric tons and shall be the one used for calculating the EUROCONTROL route charge for the flight concerned.

For the purpose of calculating the terminal charge, the number of service units shall be expressed as a figure taken to one decimal place.

**ARTICLE 5**

Flights exempted from payment of Terminal Charges shall be established and published in accordance with the laws and regulations of Moldova.
