Call for Expression of Interest No.: ECTL_SRC_230012

Title: **ATS common datalink services (ACDLS)**

General: The ACDLS Governance has been established by means of the conclusion of the ACDLS Memorandum of Cooperation, dated 01/10/2021, the purpose of which is to establish an ACDLS governance including its bodies, policies and processes by means of cooperation between the Parties to jointly improve and promote the development of a common approach, vision, design, procurement, management and evolution of ATS common datalink services. On 01/03/2023, the 18 ACDLS Governance members signed a common procurement agreement (CPA) and mandated EUROCONTROL for the procurement of European ACDLS to be rendered by the Data Link Service Provider and the management of the Contract(s) in accordance with the provisions of the CPA.

EUROCONTROL has 41 Member States and two Comprehensive Agreement States and is a civil-military intergovernmental organisation committed to building, together with its partners, a Single European Sky, i.e. arrangements allowing the air navigation management system in Europe to achieve the level of performance required for the coming decades.

Technical subject matter: The purpose of the present CFI is to collect inputs from potential future tenderers and interested parties on draft Call for Tender specifications, and to ensure a level playing field between all future tenderers. It is not the purpose of the present CFI to obtain any price information.

Indeed, in accordance with EUROCONTROL's Contract Regulations EUROCONTROL may use a call for expression of interest to receive feedback from the market on technical solutions, ideas and/or approaches. EUROCONTROL envisages the launch of an Open Call for Tenders procedure following the present procedure.
