### LSSIP+ 2023 Cycle

- **Kicking off the LSSIP+ 2023!**  
The LSSIP+ KOE will have the main focus on content so you can benefit from the best guidance for your reporting exercise.  
The main novelty for 2023 will be the **early opening of the LSSIP+ Database as from the Monday 18<sup>th</sup> September.**
- **Webinars For Stakeholders**  
**WEBINAR FOR NEWCOMERS on THU 28 SEP**  
As usual we will organise a session to enhance the awareness on the process for the new members of LSSIP Community. This will be hosted by the ECTL Aviation Learning Center.  
**WEBINAR FOR AIRPORT OPERATORS on early NOV**  
In order to provide further technical guidance on the Airport Operators reporting exercise, we will organise a workshop session with technical experts from NM and SDM.
- **New Guidance Material**  
We developed for you a **new single-entry web space with consolidated guidance information** on how to carry out the LSSIP+ process and how to better formalise the reporting outcome.
- **4 New ATM MPL3 Objectives**  
**'Active' for Early Monitoring:**
  - ATC23** → SDP Family 6.1.2: Initial Air-Ground Trajectory Information Sharing (Ground Domain)
  - ATC23** → SDP Family 6.3.1: Initial Trajectory Information Sharing ground distribution**Local:**
  - AOP21** → Wake Turbulence Separations for Arrivals based on Static Aircraft Characteristics (S-PWS-A)
  - AOP23** → Integrated runway sequence for full traffic optimization on single and multiple runway airports

# MAIN PHASES OF THE PROCESS

## Data Cross Check Period (1/2)

### Objectives Stabilisation & Data Blocking

31 JAN

The **Focal Points** will make sure by 31<sup>st</sup> January CoB to **stabilise**:

- All the Objectives;
- 3 CP1 Questionnaires on Extended AMAN, Free Route Airspace and MIL;
- SESAR Solutions questionnaire.

1 FEB

The **Database will be blocked\*** with the reported status for the above-mentioned elements. In case of receiving **any late input during February** from the stakeholders, the FPs will be able to modify this information via communication with the Contact Person. **CPs will be the ones processing the change** and informing the corresponding Objective Coordinators and/or Expert.

*\*The rest of the questionnaires and the projects module will remain editable until the DB Freezing.*

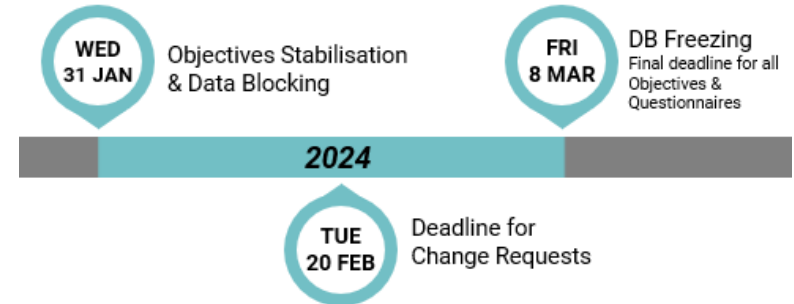

### Change Requests & DB Freezing

20 FEB

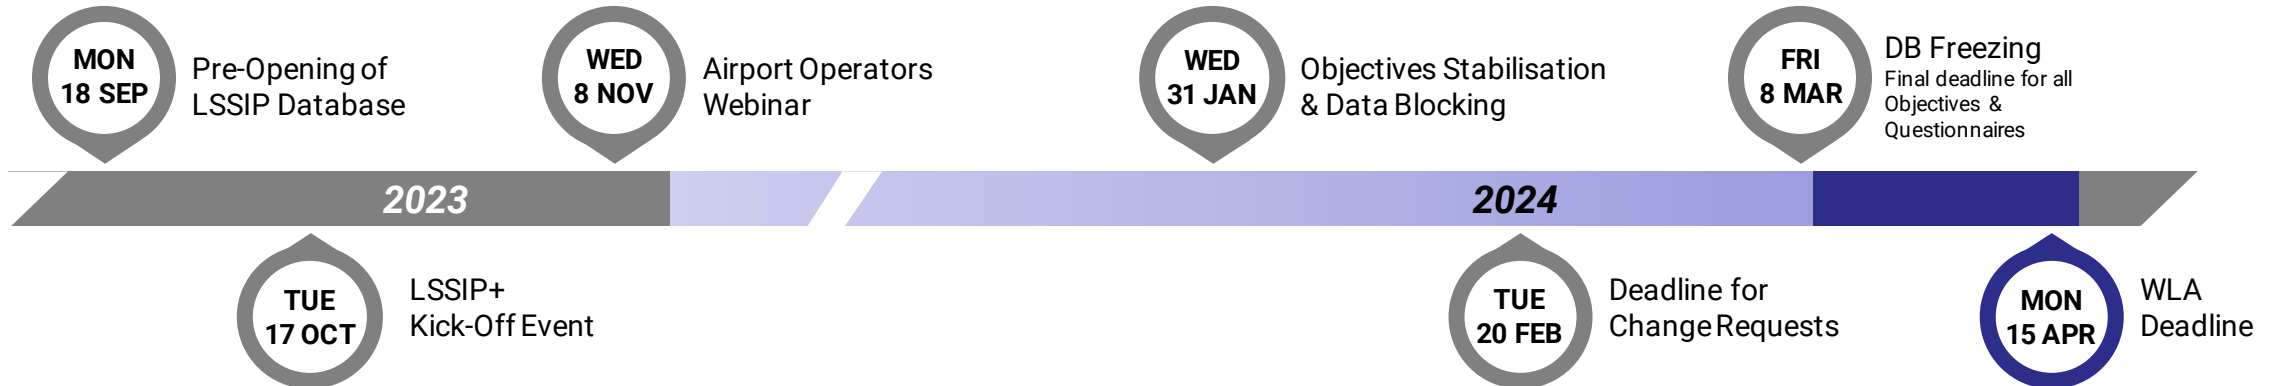

From 1<sup>st</sup> Feb to 20<sup>th</sup> Feb the **Contact Persons** will input **all the CRs for the States according to the comments received from the consulted Experts**. No further CRs will be introduced after this deadline.

8 MAR

From 1<sup>st</sup> Feb up to 8<sup>th</sup> Mar the **Focal Points** will deal with the **CRs received**. This process guarantees a gap of between 2 and a half weeks (minimum) and 5 weeks (maximum) for the States to deal with every CR. **On the 8<sup>th</sup> March the DB will be finally frozen.**

Please make sure you are as much available as possible for this period 😊

- The **Initial Drafts** of the LSSIP Documents will be shared during November.
- The peak period for elaborating the document will go **from the DB Freezing until the WLA is reached**.
- After the WLA is agreed, only the **signatures** should be missing.
