

## Preliminary Market Consultation

ECTL\_PMC\_20231222

**Title:** Improved Recording and Replay System for ATC/ATM

**General:** EUROCONTROL is an intergovernmental organisation with 41 Member and 2 Comprehensive Agreement States. We are committed to building, together with our partners, a Single European Sky that will deliver the air traffic management (ATM) performance required for the twenty-first century and beyond.

**Technical subject matter:** EUROCONTROL MUAC is currently preparing for the improvement of its ageing Record and Replay System applied in the ATC/ATM.

Interested parties, after initial contact (see below), will be invited for a TEAMS meeting where they can present the current available COTS product in the domain of Audio and Video recording in ATC/ATM. High level requirements for the Improved Record and Replay system (IRRS) will be provided to them after the initial contact.

**Deadline:** 29/02/2024 at 16:00 CET

**Point of Contact:** Interested parties, please contact:
