

EUROPEAN ORGANISATION FOR THE SAFETY OF AIR NAVIGATION

EUROCONTROL

- Measures of the Permanent Commission -

Measure No 24/296

relating to the conclusion of agreements for the provision by EUROCONTROL of European Aviation Common Public Key Infrastructure (EACP) services

THE PERMANENT COMMISSION FOR THE SAFETY OF AIR NAVIGATION,

Having regard to the EUROCONTROL International Convention relating to Cooperation for the Safety of Air Navigation of 13 December 1960, as amended by the Protocol signed at Brussels on 12 February 1981 ("Amended Convention"), and in particular Articles 7.2, 11, and 13 thereof;

Having regard to Article 2.1 of the Revised Convention, as implemented early by Decision No 71 of the Permanent Commission of 9 December 1997;

Whereas EUROCONTROL has been recognised by the European aviation community as the best placed entity to provide and manage a European cybersecurity trust framework – relying on the EACP – to enhance the security of communications between aviation stakeholders;

Whereas to foster mutual recognition and trust of digital certificates while ensuring safety and cost efficiency, EACP services should also be provided to some trusted non-Member States, international organisations and their public or private entities;

Whereas, given that the proposal relates both to agreements with (Member and some trusted non-Member) States and international organisations (for which approval by unanimity of the votes cast shall be required) as well as with private and public entities of States and of international organisations (for which approval by double weighted majority of the votes cast shall be required), it has been decided to submit a Measure to the Permanent Commission for its approval by unanimity of the votes cast;

On the proposal of the Director General and the Provisional Council,

TAKES THE FOLLOWING MEASURE:

Sole Article

The Agency is hereby authorised to conclude, on behalf of the Organisation, agreements with Member States, some trusted non-Member States and international organisations, as well as with private or public entities of Member States, some trusted non-Member States and of international organisations for the provision by EUROCONTROL of European Aviation Common Public Key Infrastructure (EACP) services.

Done at Brussels on 2.10.2024

Üllar Salumäe
President of the Commission
