

A high-angle, aerial photograph of an airplane's wing, showing the leading edge, flaps, and ailerons. The wing is white and set against a clear, light blue sky. The perspective is from above and slightly to the side, looking forward along the length of the wing.

# ICNS 2025 CNS Incentivization: How to Accelerate Voluntary Deployment

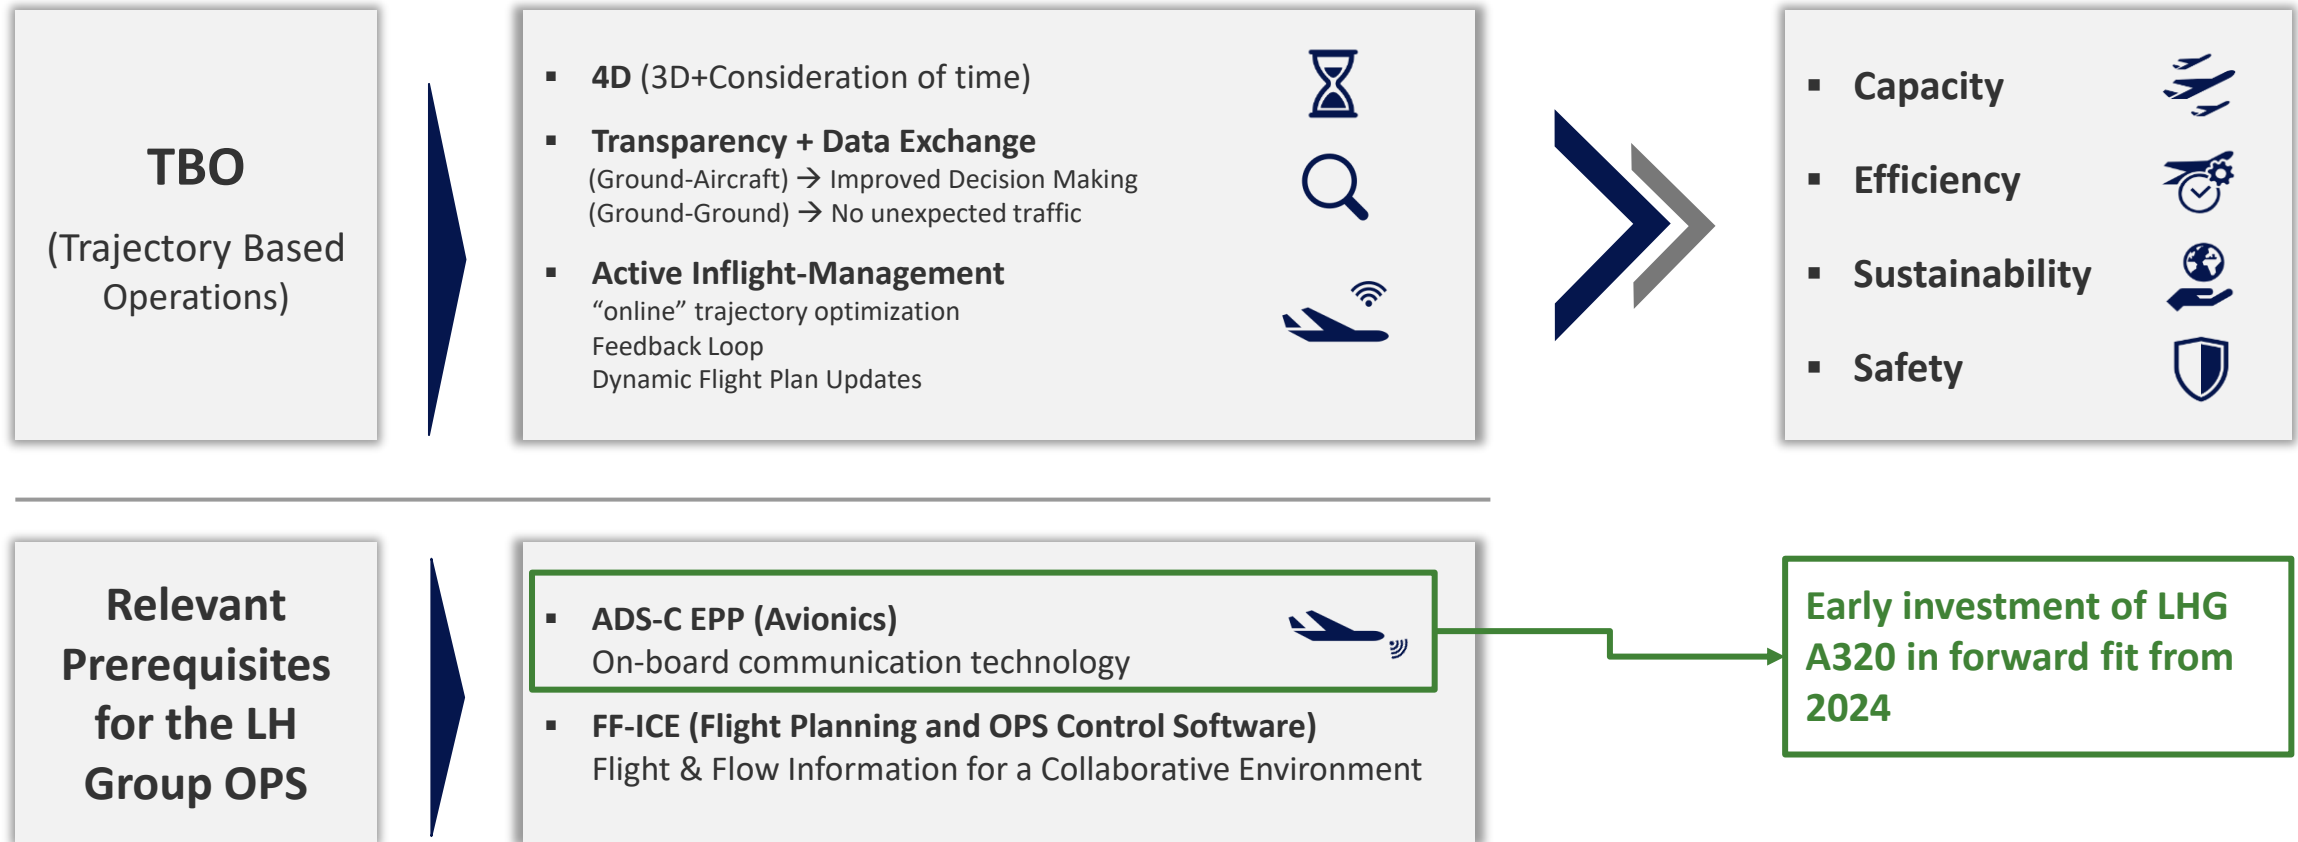

Jörg Pikolin  
08.04.2025

# Three core problems obstruct early investments into necessary new technologies to develop the ATM system further

# Entrepreneurial vision is necessary to create a „first mover spirit“

## Example ADS-C EPP at Lufthansa Group

Thank you
