i- CALL FOR TENDERS

Call for Tenders No.:	ECTL_SRC_260111
Title:	SKYbrary Accident and Incident Library Improvement and Content Validation

General:

EUROCONTROL* is an intergovernmental organisation with 42 Member and 2 Comprehensive Agreement States. We are committed to building, together with our partners, a Single European Sky that will deliver the air traffic management (ATM) performance required for the twenty-first century and beyond.

Technical subject matter:

The purpose of this procurement is to obtain specialised aviation safety expertise to support the development, review, validation and updating of safety-related content published on SKYbrary, the aviation safety knowledge platform.

The services will focus on the maintenance and enhancement of the SKYbrary Accidents and Incidents (A&I) Library and related operational risk content, including the analysis of aviation occurrence information, the drafting and updating of safety articles, the review of ICAO Annex 13 investigation reports, and the identification and dissemination of safety lessons learned and recommended risk mitigation measures.

The objective is to ensure that SKYbrary continues to provide accurate, relevant and up-to-date safety knowledge supporting aviation stakeholders in the improvement of operational safety and safety risk management across the European aviation network.

Main selection and assessment criteria:

PASS/FAIL TECHNICAL ASSESSMENT CRITERIA
Experience in commercial air transport operations.
Knowledge of and practical experience in management of safety risks associated with commercial flight operations.

SCORING TECHNICAL ASSESSMENT CRITERIA
Approach to the delivery of the work specified in section 3.4 of the Technical Specification.
Knowledge of safety risks to aircraft operations and minimum 5 years of practical experience as commercial airline pilot.
At least 5 years of experience in investigation and analysis of aviation safety accidents and incidents.
At least 5 years of experience in drafting and editing aviation safety publications.
High proficiency English language skills.
Education - Aeronautics or System engineering. (DESIRABLE)
Knowledge of and experience in using semantic content management functions. (DESIRABLE)

The economically most advantageous offer will be established in accordance with the following Award criteria:

For the Technical tender, a weighting of 50% is applied, for the Financial tender, a weighting of 50%.

Tender closing date:

13 November 2026 at 15:00 Brussels time.
