DECISION No. 59

concerning the development of a European Air Traffic Management System (EATMS)

THE PERMANENT COMMISSION FOR THE SAFETY OF AIR NAVIGATION :

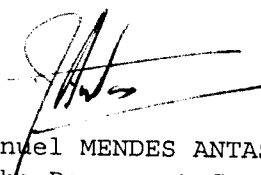

Having regard to the EUROCONTROL International Convention relating to Co-operation for the Safety of Air Navigation, amended by the Protocol signed at Brussels on 12 February 1981, and in particular Articles 6.1 b) and 7.3 thereof, as well as Article 9 of its Annex 1;

Having regard to Directive No. 79/47, dated 3 December 1991, concerning the development and implementation of the European Air Traffic Management System as well as to the "Concept Document for EATMS", Issue 1.1, dated 16 June 1992, submitted by the Agency;

ACTING ON A UNANIMOUS VOTE, TAKES THE FOLLOWING DECISION :

Studies shall be pursued within EUROCONTROL, in conjunction with the other ECAC Member States and under the EATCHIP institutional arrangements, with a view to developing the concept of an EATMS capable of providing the capacity required to meet the traffic demand forecast for the first ten years of the next century and operating on the basis of uniform principles throughout the airspace of Member States in order that the arrangement thus created may be seen by users as a single European system.

Done at Brussels on 1 December 1992.
